Re: Nominations to the EVBO Council and President-elect

Dear EVBO members,

The EVBO Council calls for nominations for seats in the Council and for a President-elect. Council members including the President, Treasurer and Secretary serve for maximally 3 year-periods. Council members except for the President and Secretary, can be nominated for an additional 3-year period. You can nominate yourself, another member, or a vascular biologist who wishes to become a member.

The nomination should contain the following information:

- i. Name, affiliation, email
- ii. Short biography (max 2 pages)
- iii. Short motivation why the nominee is interested to join the EVBO Council and which aspect of EVBO's activities the nominee would like to engage in. Max 200 words.

Please send in the nomination document to [lena.welsh@igp.uu.se](mailto:lena.welsh@igp.uu.se) and [Siragusa@vrc.uni-frankfurt.de](mailto:Siragusa@vrc.uni-frankfurt.de).

**Nominations will be received and processed until April 30, 2021.**

Based on the incoming nominations, the nomination committee (the EVBO President, Secretary and Treasurer) will prioritize among the nominations to make sure to obtain geographical spread, equal gender representation, subfield representation and renewal. The Council will approve of the list which will have two candidates/Council seat (currently 10 available) and one-two candidates for President-elect.

Voting will be done electronically during a 14-day period starting late May - early June. The Council ratifies the results of the voting. At a subsequent General Meeting for EVBO members, held in late June (tba), voting results will be announced. At the General Meeting, members will also ratify the new EVBO constitution and Regulations; information to follow.

We look forward to receiving your nominations.

With best regards,

Lena Claesson-Welsh  
President

Mauro Siragusa  
Secretary
